Kirtland, NM 87417
(505) 598 5005**

This tight-woven cloth is ideal for cleaning all smooth surfaces, like glass, windows, chrome, plastic, tiles, etc. Always give it a full rinse in water, then wring until damp. You do not need any detergent or bleach or any other cleaning agent to get a clean, lint-and streakfree result.

Instructions:

**use slightly damp or dry to polish
machine wash up to 180°F
do not use bleach or softener, no drier**

retail \$9.45 article #: GLR4040

Product description:

ULTRAMICRO GlanceTex - woven cloth - ultra microfiber (highest quality level) - Polyester 80 / Polyamid 20
size: 16 in x 16 in - color: white

Product performance:

The secret lies in the microscopic shape of our ultra microfiber. The diameter of the fiber is a lot smaller than that of a human hair. The sharp angles of the microfiber, the filaments, remove all dirt without damaging the surface. The extremely high quality has been recognized by major companies which use our cloth already.

Product advantages:

- usage in all domestic and business areas on delicate surfaces
- dry usage: removes dirt, dust and other dirtparticles by static electricity
- slightly damp usage: removes even ingrained dirt and fat
- the fiber capillarity keeps dirt in the cloth
- the cloth cleans and wipes dry in one go without leaving any traces
- it is very skin-friendly
- it is very durable
- it is of highest yarn quality (special yarn structure, highest yarn strength, high amount of filaments per sq. in)
- yarn quality in combination with an improved sharpness of filament angles guarantee the high cleaning performance of our **A1Clean ULTRAMICRO - GlanceTex** cloth
- it is extremely environment-friendly

Do's and Dont's:

- use cloth dry or just damp
- use clear water only
- do not use any cleaning agents or chemicals, chlorine or bleaching agents, conditioner, as this would damage the cloth's performance
- machine wash up to 180 degrees F , rinse in clear water and wring before usage
- wash separately - after the first washing it can be washed with other garments
